

Quality Policy Statement

Samuel Grant is one of the UK's leading suppliers of packaging material.

Our aim is to provide quality-packaging material that meets and exceeds the demands of industry regulators as well as customers and consumers. This means satisfying legal requirements as well as customer expectations in respect of product quality, costs, performance, safety and reliability.

This is achieved due to our commitment to a Quality Management System that satisfies the requirements of ISO 9000:2000. We recognise that only by continuously improving the effectiveness of our Quality Management System can we ensure that efficiency and quality standards are maintained at all levels and stages of our business. Our continued profitability is a measure of the extent we are able to satisfy our customers

Our QMS is maintained due to constant monitoring, consisting of internal audits, management reviews, and independent external audits and customer feedback.

The Group will continue to set overall Quality Objectives as a function of our Management Review Process.

It is a mandatory condition of employment that all Samuel Grant personnel follow agreed procedures in order to maintain the highest level of quality at all times.

In recognition of the importance we attach to quality, we have a management representative with ultimate responsibility for all issues relating to our quality system that reports to the Directors.

A handwritten signature in blue ink that reads 'Andrew Grant'.

Andrew Grant
Director
